LIBERALS LAUNCH ELECTION CAMPAIGN

ENGLAND WINS FIFTH TEST MATCH

VICTORY OVER AUSTRALIANS GIVES OLD COUNTRY ELEVEN HONORS IN CRICKET SERIES

Margin of 289 Runs for Winners When Visitors Were Dismissed for 125 To-day in Second Innings; Australia Has Won 47 and England 42 of Games Played Since 1878

London, Aug. 18 (Canadian Press Cable).—England won the fifth and last test match of the present tour of the Australian cricket team by 289 runs. The match was played at the Oval. Requiring 415 to win to-day, the Australians were dismissed for 125 in their second innings.

The first innings scores were: England 280; Australia 302. England made 436 in the second innings. Of the test matches, which began in 1878, Australia has won forty-seven, England forty-two, while twenty-five have been drawn.

HUNGER DROVE HIM TO CRIME CAREER JOHNSON DECLARES

Man Confessing Several Murders and 1,700 Robberies First Stole Pie

Minneapolis, Minn., Aug. 18.—A desire to "get it over with," and spend his remaining days "peacefully in prison," was the only wish to-day of Tom Johnson, thirty-nine-year-old bad man, who recalls some 1,700 robberies, burglaries and a number of murders. Johnson, who yesterday listed the criminal acts of his life as near as he said he was able to remember, wished to plead guilty. That his desire will be granted was indicated by county authorities. Indicted yesterday on a charge of first-degree murder, Johnson may be in the state prison before nightfall.

LIFE IMPRISONMENT
His arraignment was set for to-day. The penalty for first-degree murder in Minnesota is life imprisonment.

The indictment charges him with killing Leonard Erdal, a young Minneapolis attorney, shot to death during a holdup last December. Johnson, troubled, conscious, and authorities at Seattle, and was returned here.

IN 44 CITIES
His record of crimes, which he "swears" he committed, includes "jobs" in forty-four cities from New York to San Francisco, and from Canada to Texas, during the last twenty years. Omaha, with 350, heads the list. He did not go into details of the 1,710 "jobs" he listed only the number of crimes that he could remember in each city.

Numerous train holdups were recorded and one item said:
"Havre, Mont.—one pie and a year in Deer Lodge, Mont."

Theft of a pie and its consequences were responsible for his outlaw career, he said.
When a youth he stole the pie because he was hungry. Told that he would get only a short term, if he pleaded guilty, Johnson said he followed the advice, but in return he was sentenced to one whole year in the Deer Lodge penitentiary. There he was punished severely for infractions of the rules and that he never forgot.

He decided to get "even with society" because of his suffering in that jail and the crime career followed.

CALLS FOR MEETING TO DISCUSS WAGES OF BRITISH MINERS

A. J. COOK
secretary of British Miners' Association.

London, Aug. 18.—A joint meeting of the Central Committee of the Mining Association, representing the coal owners and representatives of the miners, will be held to-morrow, it was announced to-day.

The association summoned its central committee to London after receiving a letter from A. J. Cook, secretary of the Miners' Association, suggesting a joint meeting.

By a card vote of 423,000 to 350,000, the miners delegate conference yesterday authorized its executive board to reopen negotiations with the mine owners and the government in an effort to bring to an end the long British coal strike. The provision was made, however, that any settlement must be national.

Colonel Edgett Drops Out to Leave Straight Liberal-Tory Fight

Vernon, B.C., Aug. 18.—Col. C. E. Edgett, independent candidate in Yale constituency, announced to-day that he had definitely decided to withdraw from the field, leaving the contest to Grote-Stirling, former Conservative member, and F. B. Conist, Liberal.

GIANT CHANNEL PASSENGER PLANE CRASHES

London, Aug. 18.—A Paris-London passenger aeroplane crashed in Romney Marshes, Kent, late to-day. One passenger was killed and nine seriously injured.

Three other passengers were slightly injured. The pilot and mechanic of the plane also were seriously hurt. The Press Association reported that the aeroplane hit a building near Lymington in a fog.

Lymington is the first large intermediate aerodrome en route. It is one of the principal air ports in the United Kingdom.

Illustration shows departure of one of giant twin engined Air-Union London Paris aeroplanes similar to the one which crashed to-day.

BIG CROWDS VIEW FAIR: CITIZENS' DAY ATTENDANCE WILL EXCEED ALL RECORDS

Early Rush at Willows Exhibition Indicates Strong Public Interest in Finest Agricultural Display Ever Seen in Victoria; Big Stock Parade Feature of Afternoon

Citizens' Day attendance records of the Provincial Exhibition will be broken to-day, judging by the heavy stream of visitors surging through the gates since mid-day. Taking advantage of the ideal weather, all Victoria appeared to be concentrated at the Willows; a large percentage being early on the grounds in order to inspect the thousands of exhibits before adjourning to the grandstand. Children under twelve years of age, accompanied by parents, were admitted free.

One of the features of the afternoon's entertainment was the stock parade, which commenced at 3 o'clock. Several hundred splendid animals were led around the Willows Oval, under the eyes of the thousands of visitors clustered in the grandstand and bleachers.

His Honor Robert Hamilton Bruce, Lieutenant-Governor of British Columbia, was a guest of the British Columbia Agricultural Association again this afternoon, this being his second tour of the Exhibition. Yesterday the Lieutenant-Governor spent two hours in a survey of the main buildings. He expressed high admiration of the exhibits and hearty appreciation of the efforts of the administration in organizing such an advanced display.

The Municipal Band will play during the afternoon, and orchestral music will also be featured in the Main and Manufacturers' Buildings. A feature of to-morrow's programme will be the stock judging competition for seniors and juniors. Much importance is attached to development of experienced stock judges, and the Association is offering handsome cash prizes for competition. George Hay of Kamloops will be in charge, and a large entry is anticipated.

The attendance on first two days has this year been slightly higher than was experienced last year, the paid admissions for Monday and Tuesday aggregating 4,274 as compared with 4,155 patrons in 1925.

**UNWEIL MEMORIALS
TO OTTAWA FOUNDER**
Rt. Hon. Arthur Henderson is Chief Speaker at Ceremonies

Ottawa, Aug. 18.—Greetings from Englishmen and other visitors, at a civic luncheon, the unveiling of the cornerstone of what will be a permanent memorial to Colonel By, the founder of Bytown, which later became Ottawa, the unveiling of a monument in Richmond a short distance west of the city, marking the place where the Duke of Richmond died, were high lights in yesterday's programme of the centenary celebrations.

Right Hon. Arthur Henderson, one of the party of parliamentarians now crossing Canada on their way to Australia, was chief speaker at the luncheon given by the city.

CAREW MARTIN NOMINATED BY LIBERALS TO CONTEST SEAT WITH TOLMIE AS OPPONENT

Liberal Convention Chooses Young Victoria Returned Soldier as Candidate in Federal Election; Premier Oliver Joins in Attack on Conservatives at Ottawa for Defeat of Old Age Pensions Measure

Carew Martin, rising young Victoria lawyer, returned soldier with a military cross, won the Federal Liberal nomination for Victoria at the Liberal convention at the Chamber of Commerce last night.

Mr. Martin started his fight against the Conservative, Hon. S. F. Tolmie, just after his name was placed in nomination, and asked what Dr. Tolmie has been doing as Victoria's representative except travel around the country as Conservative organizer at \$10,000 salary a year.

VISITING CANADA; SIR JAMES CRAIG

Quebec, Aug. 18.—Sir James Craig, Premier of Northern Ireland, accompanied by Lady Craig and their son and daughter, arrived here last night on the steamer Doric. Sir James was suffering from an illness, but the ship's doctor said he was well enough to continue his voyage to Montreal.

Davis Warns Against Teeming Millions of Asiatics and Orientals

Eventually White Man May Be Submerged in North America He Says

Vancouver, Aug. 18.—(Canadian Press).—Denouncing the emigration of Orientals and all Asiatics to the North American continent and declaring the teeming millions of potential cheap labor from China, Japan, India and the Asiatic Islands will submerge the white race in both Canada and the United States unless preventive measures are taken, Hon. James J. Davis, Secretary of Labor in the United States Cabinet, last night told members of the Vancouver Moose Lodge that Canada must face the facts.

"China with her 400,000,000, India with her 300,000,000, Japan with her 70,000,000 and other Asiatic lands with other millions will sweep over you and keep your wages low, your racial development questionable, until eventually the white man will be submerged in North America," said Mr. Davis.

MARTIN CHALLENGES TOLMIE TO BARE WARTIME POLICY

Fight to Be Waged From Now Until Election Day to Capture Victoria Seat; Let Tolmie Come Out Into the Open on War-time Election Issue While Questioning Liberals' Loyalty, Returned Soldier Candidate Demands

With its candidate, Carew Martin, in the field, the Liberal Party prepared to-day to conduct a vigorous fight from now until election day to capture the Victoria seat in the House of Commons. At a meeting in the Liberal headquarters to-morrow night Liberals will get together and make definite plans for the campaign, which will be carried on under high pressure until September 14. All Liberal sympathizers are invited to attend this meeting and join in arranging details of the campaign.

Nothing will be left undone to defeat Hon. S. F. Tolmie here. Mr. Martin declared emphatically to-day as he and other Liberal leaders went into conference on preparations for the fight.

There has been a change in the situation all over Canada in the last few days and it finds its counterpart in Victoria," Mr. Martin affirmed. "The Conservative Party to-day is on the defensive, trying to explain its failures. The speeches of the Conservative leaders are now crammed with explanations of why their lack of action or their hostility to Liberal policies, which have the support of the great bulk of the people."

FIGHT TO WIN
"On this account our campaign here starts under favorable auspices, and we are greatly encouraged by the outlook. We can win this seat easily," Mr. Martin declared.

Mr. Martin invited Dr. Tolmie to come out in the open on the war-time election policy of his Party, about which he, Mr. Meighen and other Conservative leaders have been silent since the campaign opened. "Let us hear what he thinks about Mr. Meighen's proposal that we have an election before entering a war," said Mr. Martin. "We had expected Mr. Meighen to accept our invitation to make a statement on that point here. He passed it by without a word despite that invitation, just as Dr. Tolmie has done. Why does not Dr. Tolmie tell the electors of this city where he stands on this important question?"

"But while they are silent on this issue—an issue vital to the welfare of the country—the Empire—they are not silent in calling the Liberal Party a group of traitors. By inference they are calling the Liberals traitors to their country—a inference which we keenly resent. It is significant, however, that none of the returned soldiers prominent in the Conservative Party, while refusing to discuss the issue of war-time elections, to which Mr. Meighen committed them," hurl this anti-British accusation at us from all sides."

BAD FOR COUNTRY
"What could be worse for a country than to have one half calling the other half disloyal? What could do more to stir up strife and cause disunion among our people? Any party which creates that feeling incurs a grave responsibility and in that Dr. Tolmie and his associates here must accept their share. The least they can do is to come out into the open on their war-time election policy, which we believe would be disastrous in holding up a decision on the vital question of war for months, pending an appeal to the electors."

A CLEAN CAMPAIGN
Indicating the lines on which the campaign will be fought here, Mr. Martin said he did not hesitate to appeal to the electors on the record of the Liberal Party and I have no hesitation in standing by their verdict. The vast majority of our people who have benefited by the Robt. Budget, with its tariff and tax reductions, will not be impressed with Mr. Meighen's attempt to show that they have not benefited in 1916, and I believe the people want those tax reductions, that they want cheaper automobiles, that they want the Australian Treaty, the British preference and old age pensions. If they do then the logical thing to do is to vote for the party which sponsored those things."

Premier Oliver proposed to-day to take a part in the Federal campaign with a trip through the Yale constituency during the last week of the election and a speech in New Westminster on September 12, the eve of the poll.

that to a man supposed to have been a speaker well for the hospitality of Halifax people.

Declaring that he would refer only briefly to reports of remarks said to have been made by him regarding the Maritime people, Mr. Dunning said he would regret very much if any word of his or any word attributed to him, had any effect in promoting, or were used to promote "disunity in this great country of ours."

Mr. Dunning said the people of the West knew more of the Maritime Provinces than they were given credit for and pointed to the hundreds of Maritime people who were prominent in every activity, building up the western provinces.

MARITIME MEN
 Ten Saskatchewan judges—were Maritime men, he declared, and added that of the twenty-one Liberal candidates in Saskatchewan during the present campaign, four were Maritime born and they, he believed, would be of much benefit to the Maritimes than those elected in Nova Scotia as "Maritime righters," and who afterward became Tories.

During the last federal campaign, said Mr. Dunning, the cry of the Conservatives had been "blue ruin." He quoted trade and saving bank figures to answer that charge and continued: "This year it was scandal. Orders have gone out from the board of strategy for a whispering campaign and it has been going on busily from coast to coast, terms too terrible to be spoken of on a public platform, scarcely fit to be spoken of in the men—Then someone stands up to say out loud what was only intended to be whispered. I am glad Mr. Doucet does not come to the platform. I can imagine the look on Mr. Meighen's face when he sat on a public platform and heard Mr. Doucet saying out loud what was only supposed to be whispered. It took only half an hour of a judge sitting in Quebec to discover that there was no foundation for what Mr. Doucet said regarding the cruises of the 'Margaret'."

TRIBUTE TO FIELDING
 Hon. Mr. Robb paid tribute to the former Minister of Finance, Hon. W. S. Fielding, and declared that any credit for the last budget should go to Mr. Fielding because it was under him that Mr. Robb served his "apprenticeship."

CAREW MARTIN NOMINATED BY LIBERALS

King policies. Vancouver will be doing it. Let Victoria wake up!" Dr. Lewis Hall said that he was privileged to be on the platform to select a candidate to defeat Dr. Toimie.

"Where is Mr. Meighen going to be able to form a government after the next election?" Dr. Hall went on. "He can't do it. He will not have a large party as he had in the last House."

Dr. Hall recalled Conservative campaign talk of last year to the effect that the country was going to ruin, but prosperity has been advancing rapidly and other returns. He also recalled the attacks of Dr. Toimie and Mr. Dickie on the Australian treaty.

"But now Mr. Meighen comes out and begins to take a fatherly interest in that treaty and says they won't repeal it," Dr. Hall went on.

"The Conservative Government will raise the taxes, raise the duties and you people will have to pay the price."

Premier Oliver referred to his meeting with Premier Meighen on the steps of the Parliament Building at noon yesterday and the speech Mr. Meighen made.

He challenged Mr. Meighen's explanation of the failure of the amendments to the Soldiers' Settlement Act. He asserted that Mr. Meighen's declaration that his Government had repeatedly sought to have them passed was false, and the Premier read the record from Hansard to back up his assertion.

"Mr. Meighen says that he and his Party were behind the Old Age Pensions," Mr. Oliver went on. "Well, they may be behind but they do not say whether they are pushing or pulling back. When the bill was before the House every remark made by Mr. Meighen was a sarcastic remark."

Mr. Oliver said that every Conservative Senator voted against old age pensions except Senator Barnard and he was paired at the time. He declared that Dr. Toimie and his Conservatives had blocked this measure of relief to a large number of citizens.

Dealing with Mr. Meighen's statements on the tariff, the Premier asserted that there have been no material change in the tariff made by the Liberal Government.

"Mr. Meighen said that the change in the tax on automobiles only affected a few persons," he went on. "When I came out of my home this morning I counted eight automobiles of workmen who were engaged on a building going up there. If Mr. Meighen does not think that the workmen are interested in the cost of automobiles, then he has a lot to learn."

Mr. Oliver charged that there was an abuse by Mr. Meighen in the issue of royal warrants for the purpose of currying favor with the electors. He instanced the \$25,000 order just put through for a pre-cooling plant at Vernon although the fruit season is now almost over and it would be impossible to build the plant and have it ready for next season.

By creating the favorable balance of trade, fiscal conditions in Canada have been stabilized, the Premier went on.

"The Government has brought the Canadian dollar back to parity and made it worth as much as any currency on the face of the earth," he said.

would be no doubt about the support accorded by the electors.

Mrs. Frank Beech gave two solos, accompanied by Mrs. G. Reid.

ACTUAL SHOOTING IN CALIFORNIA THEATRE

Real Drama Substituted For Stage Drama When Police-Men Arrives

San Francisco, Aug. 18.—Real drama was substituted for stage drama in a Mission district theatre here yesterday when a policeman shot and killed one youth and shot and severely wounded another.

A dramatic skit was in progress in the theatre, a vaudeville house, when the two youths sauntered down the aisle and seated themselves beside two young girls. The youths, according to the girls, became objectionable and the girls called for help.

The theatre manager summoned Policeman Joseph Gremlinger, stationed nearby on traffic duty. When he sought to eject the youths they put up a spirited battle and escaped. Gremlinger followed them with drawn revolver, and after firing several shots, the youths, armed at them, Frank Roy, twenty-one, dropped dead with a bullet through his heart; Frank Goggins, twenty-one, with a bullet wound through his arm, surrendered.

MENTIONED IN DISPATCHES
 Capt. Martin was mentioned in dispatches in August 1916, awarded the silver medal of Italy, 1916 (Somme), awarded the Military Cross (Lens) 1917, and awarded the usual service medals and 1915 star.

Before the war, Mr. Martin gained a reputation on the athletic fields. He was educated at the Collegiate School here, and then at Trinity College School, Port Hope, Ont.

He entered the law offices of Elliott, Maclean & Shandley as a law student in 1910 and was called to the B.C. Bar in 1919, at the end of the war, as a barrister and solicitor. He is now a member of the law firm of White & Martin.

PROMINENT IN SPORT

He played three-quarters on the Victoria Rugby Football team in 1911-12-13-14, during which period Victoria won the B.C. championship at least twice. He was a member of the Victoria team of 1912 which defeated the University of California and won the Pacific Coast title, and a member of the all-B.C. team which defeated Australia in Vancouver in 1913.

He also played against Australia in Victoria when Victoria succeeded in defeating them. He played for Victoria against New Zealand All-Blacks in 1914. As a member of the Victoria Law Students Rugby team, he helped that team win city championships for three years running.

Since the war his participation in football and other violent sports has been prevented because of the severe disabilities he received during the war. He has been an enthusiastic cricketer and played with the Victoria Cricket Club for several years prior to the war. He played against the Germantown Cricket Club of Philadelphia. He was also a member of the Vancouver Island junior team which played Australia at Victoria in 1913.

Since the war Mr. Martin was returning officer for Victoria for the liquor plebiscite in 1920 and returning officer for Victoria for the Provincial elections in the same year. He held a special appointment with the Department of Provincial Secretary in connection with the Provincial elections of 1924.

HIGH TARIFF IS MEIGHEN'S THEME

Vancouver, Aug. 18.—Right Hon. Arthur Meighen brought his coast campaign to a close last night in the Horse Show Building Exhibition Grounds, after having previously talked in the Lonsdale Theatre, North Vancouver.

Although he did not touch the constitutional issue or the customs inquiry, Mr. Meighen made up for the omission by a vigorous attack on group government.

He told his audience that a continuance of group government presaged only evil for Canada. "Group government breeds corruption," he stated, "and the only way to put an end to the chaotic condition of affairs we have experienced the last few months is to vote group government out of power and return a solid, honest, efficient Conservative government with a good working majority."

He referred to the tariff question as the greatest issue before the Canadian people to-day, and declared that the Conservative policy was to raise the general tariff against the products of producers of the United States just as high as the United States government raised its tariff against the products of Canadian producers.

MOTORISTS WARNED TO OBEY NEW RULE ON HIGHWAY CURVES

Cars Must Keep to Right of Dividing Line at All Points so Marked

Police Instructed to Halt Drivers Who Pass Other Cars Illegally

Motorists who have been breaking the law by passing other cars on the dangerous Island Highway curves in the Colwood district were warned by heads of the Public Works Department to-day to abandon this practice or face prosecution.

Enforcement of the right-of-way rule on curves will start immediately, following the division of the road into two separate zones. This has been done by the painting of a broad white line down the centre of the highway at curves from Parson's Bridge to Colwood. At all points where this white line appears it is illegal for one car to pass another which is travelling in the same direction.

RULE NOT OBEYED

Many Island motorists do not understand this rule, Public Works officials believe. At least they are not observing it. Observations during the last few days since the curved portions of the Highway have been divided into two zones show that many drivers do not hesitate to speed up and sweep past other cars at these points. In so doing they cross to the left side of the road, thus breaking the law and endangering traffic moving in the opposite direction. The purpose of the zoning rule, of course, is to prevent collisions between approaching cars. These accidents would be impossible, it is explained, if all cars kept to the right of the white lines.

Provincial police have been instructed to enforce these regulations strictly from now on, both here and at mainland points where the official white line appears.

ALIEN FUGITIVE DIES OF WOUNDS

Windsor, Ont., Aug. 18.—Frank Santilli, twenty-nine, recent arrival from Italy, who was shot Friday night by members of the United States immigration patrol as he attempted to escape after being smuggled over the river, died yesterday at a Detroit hospital. With him were Charles Brown, twenty-nine, Montreal; Antonio Capella, Frank Clementi, and Guardini Corredo, all of Italy, captured. Before his death, Santilli, according to Detroit officers, made a statement involving several Windsor men in the business of smuggling aliens into the United States.

GAINES QUIZZED ON NIGHT OF MURDER

Gives Insistent Denial of Improper Relations

Hundred Witnesses to Testify in Sensational Murder Case

Seattle, Aug. 18.—As the seventh day of the trial of Wallace Cloyes Gaines on a charge of murdering his twenty-two-year-old daughter, Sylvia, opened here to-day, prediction was heard that the case would go to the jury before nightfall. More than 100 witnesses had testified.

Presentation of evidence ended within an hour after the defendant had been subjected to a grueling three and a half-hour cross-examination. In virtually no detail did he sweep from a story of his movements the night of the killing, nor could the state shake his insistent denials of improper relations with his daughter.

The last defence witness was John La Neve, a student. He swore that four hours after the slaying he saw a man who in no way resembled the defendant, within thirty feet of a lake-side grove of trees in which Sylvia's body was discovered the next morning.

John A. Billings, a fireman for the city of Seattle, testified that within five minutes of the hour of the killing, as fixed by state investigators, he saw the defendant two miles from the scene of the crime.

The Gaines case has been the most discussed criminal event in the history of Seattle. The girl's body, nude and bruised, was found June 12 on a lakeshore. She was a 1925 graduate of Smith College, Northampton, Mass., and came here in November to visit her father, whom she had not seen in sixteen years. William A. Gaines, chairman of the legislature in this (King) county, is a brother of the defendant.

ON LEG DRIVE

The Australian batsmen made an unprecedented large number of weak strokes, and after a poor innings Bardeley was caught at 83 attempting a hit to leg. Andrews was easily dismissed by Larwood. Gregory, the famous hard-hitter of the Australian team, came in and slugged at Rutcliffe's ball. He hit fairly and before the score could be increased Richard left four runs later. Oldfield and Grimmett made a belated effort to stage an eleventh-hour rally. The former's stumps were quickly scattered by a ball from Stevens that broke back with deadly effect. Malley was clean bowled by Geary.

The crowd then gave vent to its pent-up excitement, which had been freely stimulated by each falling wicket.

FRENZIED DEMONSTRATION

A unanimous roar arose from 30,000 throats and was followed by a rush on masses to the pavilion where the people remained for half an hour calling on the heroes of the game and waving hats and sticks frenziedly. As each of the called-for players appeared there was terrific applause, culminating in a great demonstration when Collins, in response to persistent appeals, appeared on the verandah and bowed his acknowledgments.

SPEAKER STRESSES CONVENTION VALUE

Victoria Real Estate Board's Representative at Tulsa Brings Encouragement

July Sales Reach Big Figure; Fourteen Firms Sell \$153,607 Worth of Land

Bringing to the members of the Victoria Real Estate Board a message of thanks and appreciation from C. L. Gardner, this city's representative at the Tulsa Convention of the National Association of Real Estate Boards last May, was guest of honor at a luncheon meeting in the Chamber of Commerce to-day. Mr. Gardner also told of the remarkable success of the convention.

"Mr. Culver got exactly what we desired he should have—a very good impression of Victoria," said Mr. Gardner. "His visit, with the prestige and influence he holds in California, with those about him, may mean something of great value to us. He wished me to bring you his sincere appreciation for the welcome and entertainment given him while among us."

"I represented you at Tulsa this year and on my way to the National Convention there, stopped off at Kansas. While in Kansas he studied the town re-zoning plans being carried out through the subdivisions. Winding roads were the rule there, and the community shopping centre was becoming a regular thing. The road system made the community centre accessible to many throughout the wide area. One thing he noticed in Kansas, he said, was the fact that business property often sold for as much as \$20,000 a foot.

Tulsa, he said, was a comparatively new city, scarcely twenty years old. The convention there had the city limits behind it. It was not merely a gathering of real estate men. There were about 2,000 delegates there and they overpowered the local people. One did his utmost to entertain, guide and direct the visitors. Tulsa, he could see, had a spirit of service in its younger citizenship which augurs well for the future of the place.

A convention such as the one at Tulsa, said Mr. Gardner, was a post graduate course for our business. The biggest men of the real estate business of Canada and the States were there to get new ideas and the solutions of old and new problems.

HEARD EXPERTS

Mr. Gardner told of the experts who spoke at the Tulsa convention. big business men, all of them, who had something useful to teach as to system, advertising, salesmanship and such. The lecture which Guy Ellis of Detroit gave on salesmanship was one of the most outstanding.

The speaker asserted that over 450 men go to their time and trouble to prepare papers of interest to present at the convention. These papers were, of immense value, and circulated as they were, did much good.

CITY LAND SALES

The board learned to-day that fourteen of the city's thirty-nine real estate firms represented on the Real Estate Board had reported the sale of \$153,607 worth of business and residential property in this city during July.

The report of the committee which investigated the suggestion of property taxes on the city, recommended that such action be taken. The following resolution was passed by the committee: "After a discussion it was decided that the committee strongly urge the Real Estate Board to carry out its intention of raising residential rents, and to suggest that a uniform notice to tenants be got out on Real Estate Board paper, to be signed by the individual firms."

The meeting learned, too, of the coming to the Pacific Coast of the Real Estate Association's convention for 1927. The exact dates of this convention have not as yet been announced here.

NOT A CONSERVATIVE ELECTED SINCE WAR

Quebec Only Competitor in Liberalism to Saskatchewan, Says Gardiner

Moose Jaw, Aug. 18 (Canadian Press)—"We are carrying the battles of the House of Commons into the constituencies," said Mr. Mackenzie King here last night in reviewing the efforts of the Government during the last session of parliament. In Moose Jaw one of the few three-cornered contests in Saskatchewan has developed and the contest is one of the keenest in the province.

Hon. J. G. Gardiner, premier of Saskatchewan, in preceding Mr. King last night declared that there had not been a Conservative elected in the province since the war. "In fact, Quebec is our only competitor in matters of Liberalism and we are proud to be allied with that good old province. We ask no more honorable allies than the people of Quebec in fighting for the interests of Canada as a whole. The troops will again stand firm and Saskatchewan will return at least twenty-one men who will oppose the policies of Arthur Meighen," said the provincial premier. They would not be men who would line up behind Mr. Meighen.

Mr. Gardiner said that he had been recently on the platform with Robert Forke and there was one desire in the heart and mind of the Progressive leader and that was that all forces of both groups were united. "They themselves under one leadership under one organization in opposition to Arthur Meighen." The true followers of Mr. Forke would stand for the reintroduction of the Liberal legislation announced in the speech from the throne and lost through the dissolution.

MOVE MADE FOR PEACE IN BALKANS

Friendship Pact Between Greece and Rumania Contemplated

Athens, Aug. 18.—A friendship pact between Greece and Rumania, similar to the one just signed between Greece and Yugoslavia, is now in prospect for the furtherance of peace in the Balkans. It was stated to-day.

It is expected that another agreement between Greece and Turkey setting important political and economic matters, will be signed on Saturday. The government has stated that military provisions may later be added to the Greco-Slav friendship treaty which has still to be ratified by the respective parliaments of the two countries.

MURDERER SUSPECT SHOUTS DEFIANCE

Two Men Held on Death of Canton Publisher

Cleveland, Aug. 18.—Louis Mazer, alleged Canton vice lord, charged with the murder of Don H. Mellett, Canton stockbroker, was arraigned yesterday on a charge of first degree murder of grilling to-day shouted defiance at his inquisitors. He stoutly denies any connection with the crime.

His erstwhile business companion, Carl Studer, called "Crown Prince of the Jungles" in Canton, was tight-lipped, declaring: "I'll lie in this cell until I rot before I make any confession."

Both men are held here on federal charges of conspiracy to violate the prohibition law. They arrived yesterday was admittedly a ruse to get them into custody away from Canton's allegedly corrupt political atmosphere, although Joseph R. Rosch, Chicago "clean-up" attorney, says he has an "airtight" liquor conspiracy case against the pair.

INFORMER TESTIFIES

Evidence with which Mazer was confronted included: Testimony by Steve Kascholk, "informant" against Mazer and others, that Mazer was an employer of the owner of the car on which Mellett was killed.

Identification by Kascholk of Mazer's automobile as the car in which Mellett was killed. Identification by Kascholk of a police dog named "Doll" as the dog known in Canton's underworld as "Louis Mazer's dog." Identification by the occupants of the car on that occasion.

Evidence that the white-handled revolver of peculiar foreign make, from which the fatal bullet is believed to have been discharged was owned by Mazer.

An affidavit signed by Norman Clark, Canton attorney, that his life was threatened by Mazer, who at the time was "talking too much about the murder."

SEES AGED MOTHER

For a moment this morning it looked as if Mazer were on the verge of a confession, but the nervousness he exhibited was later attributed to the shock he received when confronted for the first time with information that he faces a first degree murder warrant.

"Louis what is the matter?" Mazer's sixty-year-old mother wept.

"It's a lie, I didn't do it," Mazer fairly screamed.

A moment later, when confronted by Studer, Mazer said:

"Studer knows I didn't do it."

District Attorney A. E. Bernsteen fairly pounced upon the remark.

"Then Studer knows who did it," he shouted. Bernsteen began grilling Studer and Mazer was whisked into the room where Joseph R. Rosch, Chicago criminal attorney; Detectives Ora Slater and George V. Armstrong, Cincinnati, and Acting Chief of Police Earl W. Hexamer, Canton, proceeded to grill him.

Outside the room three Stark County deputy sheriffs, waited the word to transport Mazer to the Stark County jail. Bernsteen announced he would hold Mazer until to-morrow for further questioning.

JAILED LEPROS HAD NO MEDICAL CARE

Investigator Tells of Disease and Unsanitary Conditions in Philippines

Cadiz, Island of Negros, P. I., Aug. 18.—Eleven lepers confined in jail without medical attention and widespread disease in Occidental Negros because of unsanitary conditions, were features of a report today by Major A. P. Hitchens, who has been investigating health conditions of the province. With medical aid, the lepers might have been cured, he said. Major Hitchens made his report to Carmi A. Thompson, whom he is assisting in a study of conditions in the Philippines for a report to President Coolidge.

Major Hitchens discovered the lepers in jail at Bacolod, capital of the province. Both the quality and province that the lepers were administered locally by Filipino officials. The lepers, nine men and two girls, were locked in adjoining rooms. They said they had been imprisoned from three to ten months, without medical attention. The local medical officer, they said, was afraid to approach them and gave them food by pushing it through a door.

Mr. Thompson was told by Major Hitchens that sanitary conditions in the province were bad. And that intestinal diseases were widespread because of impure water. Hitchens urged him to recommend to President Coolidge that the United States Government resume sanitary control of the Philippines, instead of leaving it to Filipino officials of the province.

RUDOLPH VALENTINO IS SERIOUSLY ILL

Thousands of Sympathizers Send Flowers, Telegrams and Letters

New York, Aug. 18.—Despite a rise in his temperature last night the condition of Rudolph Valentino, motion picture star, was reported unchanged in a bulletin issued by three surgeons who operated on him Sunday for appendicitis and gastric ulcers.

An earlier bulletin said that the star had passed a fairly satisfactory day at the Polytechnic Hospital, to which he was rushed after collapsing in his apartment Sunday night. No mention of the local peritonitis which set in following the operation, and made Valentino's chances of recovery doubtful, was contained in to-night's bulletin. The crisis is not expected before from 36 to 48 hours.

Valentino's temperature rose when night came, but physicians said this was not cause for undue alarm. Early this evening his temperature was reported as 103, respiration 26 and pulse 108. During the day his temperature was 101.9, pulse 100, and respiration 22.

All visitors are still barred from the patient's room. Even Joseph Schenck, film producer who has the star under contract and holds a \$1,000,000 insurance policy on his life, and Schenck's wife, Norma Tal-madge, were refused admittance. Thousands of letters and telegrams from friends and admirers continued to flood the hospital and flowers enough to stock several florists' shops have been received since it was learned the famous "sheik" was ill.

Valentino's former wife, Jean Ackers, sent a telegram saying she expected to leave for Europe Friday but would endeavor to see him before she sails.

INSECTS DAMAGING CROPS IN ONTARIO

Rust and Smut in Oats; Percentage of Turnips Wiped Out

Toronto, Aug. 18.—After having made very good progress against the handicap of a backward season, Ontario crops are now running the gauntlet of the insidious insects and deadly fungus growths, a crop report issued by the Ontario department of agriculture indicates. Oats, corn and other turnip growing districts report that the majority of the late sown turnips are being severely attacked by aphids and a large percentage of the crop has been wiped out. Rust and smut in oats is also reported from several counties.

ROBBERY ADVANCED AS DEATH MOTIVE

Woman Had \$300 in Possession Before Yakima Tragedy

Spokane, Wash., Aug. 18.—Robbery was advanced yesterday as a possible motive for the death of Mrs. Bernadine Haynes of Yakima here last week in a fall from a second story window. Her husband, Charles Haynes, told investigators that she informed him that she had \$300 in her possession shortly before her death and but \$2 was found afterwards.

S. H. Van, who lives at the hotel, corroborated the statement and revealed also the disappearance of one of three keys to Mrs. Haynes's room. One key was found on a chain about her neck, he said, and another was found in a baggage room adjoining hers.

Two city detectives were assigned to-day to assist the prosecutor's office in an investigation of the case. After he had visited the scene of Mrs. Haynes's death with the detectives and a deputy sheriff to-day, Louis Hunsicker, deputy prosecutor, said the investigation "has only begun," and added:

"There are several angles to be investigated before any conclusions can be drawn."

Rentable property is the "most advantageous thing" in the world.

A GALLANT CANDIDATE

THE LIBERALS OF VICTORIA HAVE chosen an admirable candidate in the present election in Mr. Carew Martin. He has youth, enthusiasm, an amiable personality and is full of ambition to play an active part in the promotion of his country's welfare as a representative of this community in Parliament. He already has given striking evidence of his devotion to Canada by his four years' service in the great war, during which he was wounded four times, once very dangerously, and in which his gallantry won promotion and other forms of recognition. He is widely known in this city, where he has spent all but two years of his life, with the exception of the period during which he attended school in the East and his absence overseas. He will be well remembered by the younger generation for his active interest in athletics before the war. He was one of the finest three-quarter players local Rugby ever had and was an outstanding figure in the Victoria team during those halcyon days in which it was invincible.

Although this is Mr. Martin's first appearance in public life in the role of a candidate, he is by no means inexperienced in political campaigning. He took an active part in the Dominion election here last year and has been prominent in Liberal circles ever since his return from overseas. He is well informed on the issues of the day, and we are confident that he will show that he has a decided instinct and aptitude for public life. He enters the present contest under exceptionally inspiring auspices. He is the candidate of a party which has a splendid record of achievement under every head. He can point to the industrial improvement of the country, which is now conceded by even his opponents; the reduction of taxation; lower freight rates to our Pacific ports; the decrease of the public debt; the extraordinary progress of Canada's trade abroad, with a favorable balance greater now than even the trade balance of the United States; the British preference; the treaties with Australia and the West Indies. On the authority of his leader he is able to assure the electors that if the party he supports is returned, taxation will be still further reduced, the old age pension legislation killed by the Conservative Senate will be re-enacted, while the soldiers' land revaluation and other measures which could not receive His Excellency's assent, owing to Mr. Meighen's hurry to dissolve Parliament, will be definitely placed upon the statute books next year.

Mr. Martin will conduct a clean, manly campaign and in every way will worthily carry the banner entrusted to his care.

WORTHLESS AGAIN

MANY OF THOSE WHO HEARD MR. Meighen describe the Robb budget as worthless yesterday must have wondered that he could make such an obviously incorrect statement before an intelligent body of people.

What about the hundreds in the Prime Minister's audience who did not have to pay income tax this year because of the legislation which Mr. Robb succeeded in getting the House of Commons to approve in spite of the opposition of Mr. Meighen and his followers? What about those who are earning \$3,500 a year and only had to pay ten dollars instead of sixty dollars? What about those earning larger amounts who were likewise pleasantly surprised when Mr. Robb introduced his taxation reductions? Would any of these people call the King Government's relief measure worthless? We hardly think so.

Would those in Mr. Meighen's audience who have been able to buy automobiles because Mr. Robb made a substantial reduction in the import duty call the budget worthless? Is there anybody who would rather pay three cents to mail a letter out of town than two cents? Could Mr. Meighen have got anybody to grumble because the Robb budget abolished the receipt tax? Does he think that the men engaged in mining, lumbering, fishing, and farming regard a policy which reduces the cost of the implements they use a worthless policy? They do not; and Mr. Meighen knows that as well as anybody else. He has fallen back on the simple but ineffective practice of condemning everything his opponents have accomplished because those achievements are popular with so many.

Mr. Meighen complained that the Robb budget did not cut down the import duties on clothing and boots and shoes. That is true; but one thing at a time. The King Government's policies have put the country on its economic feet. Put the Liberal party back again and let it carry on the good work and Mr. Robb will fulfill his promise of more reductions next season.

Mr. Meighen is pledged to a policy of higher

import duties, which simply means higher prices for practically every commodity used by the masses. He would not only put back the duties which the King Government has taken off, but would raise the duties still higher. He makes no bones about his policy. He would remove the privilege which British goods entering this country now enjoy. He would put them on a level with, for instance, goods coming from Germany, Austria, and other foreign countries. In fact he would levy more duties on our imports from the whole world.

What this would mean to goods from Great Britain needs little explanation. Practically half of our annual purchases from the United Kingdom is textiles—clothing of various kinds. These alone average about \$70,000,000 annually. These things come in now at a much lower duty rate than goods from foreign lands. That keeps down the cost of clothing to the Canadian consumer and helps British trade with Canada. Mr. Meighen says he would stop this.

FINDS ALL SATISFIED

IN HIS OFFICIAL CAPACITY, AS UNDER-secretary of state for Dominion Affairs in the Government of Mr. Stanley Baldwin the Earl of Clarendon is on his coast after having visited many of the families brought out from Great Britain under the provisions of the scheme which Hon. J. A. Robb negotiated with the British Government in 1924. All accounts indicate that the distinguished visitor has found practically every family doing extremely well and thoroughly satisfied with conditions and future prospects. One of the Fraser Valley settlers, a sturdy son of Lancashire, interviewed by Lord Clarendon, was asked why he came to Canada. He said "I read about the offer in the Old Country papers; but I thought it was too good to be true—that there must be some catch in it. But it exceeds my expectation by half." Similar experiences seem to have been met with by the visiting official on his journey across the Dominion.

When Mr. Robb was in England in 1924 and discussed his proposal with the Government at that time the Old Country press devoted a good deal of space and attention to it. The consensus of opinion was that it was the proper course to take because it meant that there would be much better chance of a settler succeeding in this country if he could take his family with him and enjoy the companionship of home while getting on his feet in new surroundings. How excellently it has worked is now being discovered at first hand by the British Government's special envoy. The information he will be able to gather, moreover, should put the Administration at Westminster, and the Overseas Settlement Committee in particular, in possession of material that should be of considerable assistance to them when the subject of immigration is being discussed at the Imperial Conference in October.

NOT EVEN A WHISPER

NOT A WORD, NOT EVEN A WHISPER, on his famous policy in regard to wars involving the Empire came from the Conservative leader yesterday. Many people expected him to make some reference to this important plank of his party's platform. Local Conservative leaders and no doubt the local Conservative newspaper hoped he would give them some kind of a lead that would enable them to put the matter in a favorable light. It was hard for them to understand why Mr. Meighen who was so emphatic in expounding this policy of a war-time election at Hamilton and Bagot last fall and at Montreal three months ago should refuse to mention it now. He will have to discuss it when he gets to Quebec because it was part of his bargain with Mr. Patenaude, his Minister of Justice. But what is wrong with that policy that it will not bear the light of day in the English-speaking provinces? It deals with a matter of vital concern to the people of Canada. Why should its author fear to mention it?

Perhaps, Mr. Lindley Crease, President of the local Conservative Association, will step in where Mr. Meighen, Dr. Tolmie and Mr. Dickie fail to tread. Mr. Crease is an ardent Imperialist, a staunch champion of British connection and a good Canadian. The Times will be glad to afford him space in its columns for an explanation of the war-time policy of his leader. There must be more than one prominent Conservative who is not afraid to think for himself and express himself out loud in spite of the commands of the Board of Strategy. The Toronto Telegram, a vigorous exponent of Toryism, has no hesitation in discussing the war-time policy or in attacking it. Why should our Conservative friends not forget the customs charges for a day or two, and tell us just what the Conservative party's attitude to conflicts involving the British Empire now is? This ought not to be a difficult task.

WHAT OTHER PAPERS SAY

GETTING AT THE ROOT CAUSE

From The Ottawa Citizen

When all is said, the only conclusion at which one can arrive is that after all human nature is at the bottom of most of our political evils. This sounds obvious, but like other obvious things it is too often forgotten.

A THOUGHT

Rejoice with them that do rejoice, and weep with them that weep.—Rom. xii., 15.

To rejoice in another's prosperity is to give content to your own lot; to mitigate another's grief is to alleviate or dispel your own.—T. Edwards.

Do You Mean What You Say?

The Register and Tribune Syndicate, Des Moines

"BEAT ABOUT THE BUSH"

This hunting phrase is used in describing a cautious approach to a subject—an approach by a roundabout way. The allusion is to the "beaters" whose business it is to beat the bushes in a circuitous path and start the game for a shooting party. The "beaters" proceed carefully while "beating about the bush" in search of lurking animals.

Canadian Questions and Answers

CANADIAN McCALL ASSOCIATIONS

Q. What is the Canadian McCall Association?
A. The Canadian McCall Association is an interdenominational association organized in Canada in 1871 for evangelical work in France. It was founded by Dr. and Mrs. McCall and today there are twenty-two local associations in Paris and environs and twenty-one in other parts of France. Two Mission boats are at work on rivers and canals, as well as motor houses power representing a board of administration represents five Evangelical denominations, and as many nationalities.

WATER POWER DEVELOPMENT

Q. What is the extent of water power development in Canada?
A. The year 1925 was a record one for water-power development in Canada, when the installation of new power plants was at its peak. In the history of the Dominion. In 1925, installations aggregating over 719,000 horse power were added to the generating capacity of Canadian hydro-electric stations, which at the end of the year aggregated 4,250,000 horse power. A direct investment of \$70,000,000, without regard to new capital required in the application of the power. Projects which were approaching completion at that time, it was estimated, would add more than 250,000 horse power early in 1926. Since the opening of the year many projects have been commenced or in prospect which promise to make the present a very active season, and forecast a very substantial increase in installation in the next few years.

ANOTHER MEIGHENISM

To the Editor.—It is not a pleasant thing to accuse the Premier of Canada of publicly making misstatements of fact; however, I quote for the information of your readers the following extract from Mr. Meighen's speech, delivered in the city of New Westminster, as reported in The Daily Province of yesterday: "Mr. Meighen, speaking of the bill for the revaluation of soldiers' lands, is reported as follows: 'I did everything in my power to get it passed through again, but Mr. King stood in his place and refused to let it go and insisted on talking of whether the Acting-Ministry was legally constituted. I urged that the measure be proceeded with, but he would not, and that's why there is no legal enactment for the revaluation of lands in existence to-day.'"

The statement that Mr. King stood in his place and refused to let the bill go is contrary to the records of Parliament as contained in the Hansard reports of Parliamentary debates. Mr. Meighen's statement that he urged that the measure be proceeded with is not a statement of fact. Mr. Meighen was not in the House at the time, he was not a member of the House at the time, and to put it mildly, his statement is not in accordance with the facts.

AUTO-INDUSTRY IN CANADA HAS GROWN KING POINTS OUT

Two New Factories in Oshawa Ford City Output Greater

Legislation Three Times Passed by Commons Should Become Law, He Says

Moose Jaw, Aug. 18.—The Senate, the constitutional issue and the motor industry were touched upon by Mackenzie King in his speech here last night; the former Premier pointing out that in spite of talk of ruin the motor industry in Canada had grown since recent legislation was passed.

Mr. King returned again to the constitutional issue. What was the true constitutional relation between Governor-General and ministry? "My view is that if we want to keep strong our British connection we will lay down the rule that the Governor-General in Canada is in the same position in relation to political parties as the King in England. I believe that when the election is over the industry will have made their view clear, and whoever is Governor-General will accept the advice of his Prime Minister. And if the advice is not sound, will leave it to the people to decide," said Mr. King.

MEETS RUIN TALK

"We were told we were ruining the motor industry," said the Liberal leader, referring to the last Government's record. "Four thousand persons had come to Ottawa from Oshawa saying that Ford was being taken from their children. What is the situation to-day? In Oshawa two new factories were being put up, in Ford City the output of cars is greater than ever before and yet cars are materially lower in price to the purchaser."

"All Mr. Meighen had to offer was an all-round protective strategy. I can not see how that is going to help anyone, particularly in this part of the country," said Mr. King. "It would mean that the cost of all around. The Conservative leader put it forward in 1921 and 1925 and again this year. The Liberal administration has proved that there was no need for another such policy as Mr. Meighen's."

CUSTOMS INQUIRY

Mr. King went into the customs investigation, denying that there was anything relating to the department suppressed. The only unpublished matter was a stenographer's notebook dealing with private matters only. It was indeed, strange when a great party was reduced to "making an election campaign on a stenographer's notebook."

SENATE REFORM

"Cut out their salaries, then they'd quit." "Be a Lloyd George and put it through," were suggestions offered from the Liberal benches.

Mr. King explained that the senators had appointed had been pledged to support any Liberal measure of Senate reform.

"If I am returned I will not appoint any senator who will not give that undertaking," he said.

A Discreditable Campaign Becomes A Boomerang

From The Ottawa Citizen (Independent)

The great Conservative party of Canada, headed by Right Hon. Arthur Meighen, one of the most rejected and deflected political leaders in the whole Dominion, has from the beginning of the present contest, placed all its hopes of victory in a campaign of abuse of the late Liberal government. It has sagaciously enough to know that there are in this country, as in most others, a large number of electors who usually vote against something and rarely for anything, and that these electors are sufficiently strong to be able to swing the election by their negativism.

Thus the Tory strategists decided that the only hope they had of securing sufficient members in parliament for their own color to gain office lay in arousing these negative electors to vote, and for the Conservatives to place the Liberal party in a position of being a campaign of abuse of the late Liberal government was begun. The first shot was fired by Mr. Meighen in Ottawa, when the greater part of his speech was taken up in telling the people of Canada what a corrupt and depraved lot of masqueraders the Liberals were. And so a campaign of bitter accusation against the Liberal government was begun.

What is the Conservative orators hope to gain by this campaign of slander? Already the most notorious of these utterances have been nailed and they have rebounded to the discredit of their utterers. There were the Doucet aspersions. Mr. Doucet says the Quebec inquiry proved his "Margaret" charges were true. Can Mr. Doucet deny, or can his apologists deny, that the character of those charges was calculated to do lead thousands of Canadian men and women to believe that Mr. Lapointe and others took part in carousals of the most wicked and reprehensible character? Can Mr. Doucet or his apologists deny that, however free from specific charges, his craftily worded statements were, they were intended to besmirch the moral character of Liberal leaders? But the inquiry, ordered by the Conservative government, revealed that there was no incident on board the "Margaret" which could be a reproach against the persons named by the Tory Doucet.

Equally interesting as an illustration of Conservative campaign strategy was the statement made by Mr. Nicholson at North Bay. This former member of the House of Commons, speaking on the same platform as Mr. Meighen, was as ready as stating that one of the chief public buildings in Ottawa was "partially turned into a bawdy house" and that "the keeper of the bawdy house was on the pay of the country at \$2,500 a year." When this astounding and vile utterance was reported in the press of Canada and caused a great deal of indignation, Mr. Nicholson indignantly denied that he had said it, and he personally telegraphed to The Citizen to give his denial to the original allegation. The Citizen gave it greater publicity. But to this denial, the Canadian

Press correspondent who reported the speech, and who is one of the most reliable men in that most reliable news service, replied that he actually submitted to Mr. Nicholson a note asking if the denied statement was correct, with "Ottawa" specially underlined, and that Mr. Nicholson wrote "yes" on the note. "I still have the note," says the Canadian Press reporter.

What is the public to think? Many must be thoroughly disgusted at such tactics. But the public has the final word in the matter. It can record its approval or disapproval on September 14. The signs plainly point to a reversion of feeling against the Tory scandalmongers in Quebec especially, in which province Mr. Meighen hopes to gain the desired additional support, will these campaign slanders work to the disadvantage of the party of high tariffs and low platform ethics. But in Ontario, too, except in the case of the congnatist ultra-Tories, there is likely to be a reaction against the Conservative muck-rakers. Elsewhere, any waverers from Liberal or Progressive ranks will long since have been driven back again by the odious methods of Mr. Meighen's lieutenants. Badly conceived, execrably carried out, the Tory election campaign seems likely to end in the defeat and humiliation of those who were responsible for its character.

Keating

Keating, Aug. 17.—Mrs. S. Caldwell and Miss Dot Caldwell of Ladysmith, arrived in the district on Monday and will spend a holiday at their home, "Island View," Telegraph Road.

Mr. and Mrs. H. E. Tanner returned to their home on Central Saanich Road on Sunday, after a week's vacation in Seattle.

Mr. and Mrs. E. Waller, Master Maurice Waller and Miss Nellie Waller of Victoria, were visitors at the home of Mr. and Mrs. H. Lawrie, Gilles Road, on Sunday.

Mr. Thorn, of San Francisco, and a former resident of the district, was a guest at the home of Mr. and Mrs. J. N. Wood, East Saanich Road, over the week-end.

Mr. and Mrs. Lawrence Hafer, of Pasadena, arrived on Monday for a holiday at the homes of their parents.

Miss Mary Whiteley of Boston, who has been visiting at the home of her uncle and aunt, Capt. and Mrs. Whiteley, Telegraph Road, for several weeks, has left for San Francisco.

Mr. and Mrs. Spooner and family, Martindale Road, left on Monday for a holiday in Tacoma and other Sound cities.

Mrs. Whiteley and Miss Lou Whiteley, Telegraph Road, are visiting relatives and friends in Seattle.

The service at the South Saanich United Church next Sunday morning will be conducted by Rev. T. G. Griffiths, of Salmon Arm. Rev. Mr. Griffiths is a former pastor of the South Saanich and Sidney and with his wife and family are spending a vacation at their summer home at Sidney.

Your Baby and Mine

by MERTLE MEYER ELDRED

A PRECOCIOUS CHILD
Mrs. E. K. writes:
"Your article on 'Timely Teeth' interested me very much. If an infant should have four teeth at one year (Editor: Six teeth, dear lady, is what the article said)—what would be liable to cause a baby of eight months to have eight teeth and another coming through? Is this abnormal? If the health is otherwise good, are any future ill effects to be expected? What should be done to counterbalance this condition?"

ANSWER
Such precocity is along the same line as children who walk at ten months and who talk at one year and all the rest of the conditions which appear in some children much earlier than the average. The average of course, is made up of the children who teeth at four months and those who don't get their teeth until a year or later, so that while your baby does show more than the average number of teeth at her age there is nothing abnormal about it. I am sure when eight teeth appear at eight months that the baby's diet and your diet have been excellent and that is one good reason for the appearance of the teeth. There is a tendency in these days to so standardize everything, even infants, that they will never display one faculty earlier, or later, than the vast army of their contemporaries.

Most Women

Have stopped old hygienic methods to assure real immaculacy. NEW way gives true protection—discards like tissue.

FEW modern women but employ a new and different way in hygiene. A way that supplants the old-time "sanitary pad" with true protection. Wear filmy frocks and light things... any time. Dance, motor for hours without doubt or fear.

It is called "KOTEX"... five times as absorbent as the ordinary cotton pad.

Thoroughly deodorized... thus ending ALL fear of offending.

Discards as easily as a piece of tissue. No laundry. No embarrassment.

You ask for it without hesitancy at any drug or department store simply by saying "KOTEX". Costs only a few cents. Proves old ways an unnecessary risk.

ST. JOSEPH'S ADDS TO EQUIPMENT BY ITS NEW SUN-DECK

Hospital Converts Roof Into Valuable Ward For Convalescents

Valuable addition has been made to the treatment facilities of St. Joseph's Hospital by the conversion of the rectangular roof into a sun-deck, where patients will be able to convalesce under the most pleasant conditions.

The new sun-deck will go into operation this week, provision being made for twenty-five to thirty patients. Here they will be able to receive the benefit of sunshine, fresh air, quiet and a magnificent view over the city, sea and mountains—a wonderful panorama unfolding itself on every side.

The utilization of the roof as a sun-deck was a corollary to the raising of the main elevator shaft by four feet, a recommendation which followed a special inspection of the elevator systems of all the hospitals in the Province.

On the advice of the architect, Elwood Watkins, the shaft was raised a further ten feet, a twenty-foot closed corridor built out and the roof floored. The roof is sheltered from the south winds by the topmost floor of the main building; the stone gallery running around it has been supplemented by stout pipe rails for safety and big sun umbrellas will ensure that the patient is not too greatly exposed to the sun's rays.

It is noted that the sun-deck is not a special ward for the treatment of special patients, but is merely to supplement the treatment facilities.

PRETTY WEDDING AT ST. ANDREW'S TO-DAY

Many Guests at Wedding of Miss Jessie McDonald and Frank Hunter

A very pretty wedding took place at 2:30 o'clock this afternoon at St. Andrew's Presbyterian Church, when the Rev. Dr. W. L. Clay united in marriage Jessie, eldest daughter of Mr. and Mrs. J. H. McDonald, 407 Oswego Street, and Mr. Frank Hunter, third son of Captain and Mrs. J. Hunter, St. Andrew's Street.

The bride was a picture of youthful charm in her wedding gown of ivory flannel crepe, fastened with long white ribbons, and wearing a crown of roses and lilies. Her bouquet was a shower of opheelia-roses and maiden-hair fern.

Miss Winnifred McDonald, sister of the bride, acted as bridesmaid and was becomingly dressed in shell pink georgette fashioned with long white ribbons. The traditional wedding cake was arranged on the skirt of the bride, a founce of tiny frills. She wore a poke hat of the same material, trimmed with an ostrich plume and ribbon. Her bouquet was composed of manure asters and greenery.

Little Miss Margaret Jupp made a dainty flower girl in a frock of mauve crepe de Chine and carried a basket filled with fragrant sweet peas and asters. The groom was supported by his brother, Mr. D. S. Hunter, and his sister, Mrs. H. Hunter, brother of the groom.

For the occasion, the church was decorated by friends of the bride with a profusion of autumn flowers. Mr. Jesse Longfield presided at the organ and during the ceremony the hymns were sung by the choir.

COLWOOD LADIES IN INSTITUTE CONTEST AT FAIR

Primacy Over Victoria and Royal Oak Institutes Won by Handsome Display

The women of Colwood won high honors at the Provincial Exhibition yesterday when the magnificent display of household produce shown by the Colwood Women's Institute was awarded priority in competition with displays by the Victoria Women's Institute and the Royal Oak Women's Institute. The three exhibits face the main entrance to the Women's Building at the Willows and combine to form the major point of interest in this building.

The Colwood women found their chief strength in the splendid array of needlework shown. Marks were gained above the competing institutions for plain sewing, fancy needlework, knitting, crochet, arts and also for arrangement of the whole display. The Colwood entry was awarded 34 marks.

Victoria Women's Institute won second place with 237 marks, scoring heavily with a wonderfully complete showing of preserved fruits and meats, and supplementing this with high marks for home cooking.

The women of Royal Oak, scores, the majority of their 213 1/2 points with their culinary exhibits, many of these items sharing scoring equality with the Victoria Institute. Their strong stand in this department was not enough to offset the wonderful lead the Colwood women earned by their needlecraft.

Six Victoria Seniors In Championship Group

Seattle Has Four Players, Vancouver and Portland Two Each and Yakima and New Westminster One Each in Running for Fourth Annual Championship of Veteran Association; Great Golf Looked for Before the Title Is Decided

Nine Canadians and seven Americans qualified for the grand championship of the Seniors' Northwest Golf Association yesterday at the Victoria Golf Club by turning in cards of 87 or better. The players who will go into the first round of the main event to-day hail from six different towns, with Victoria and Seattle having the majority of places, the former with six and the latter with four. The "C" class, which is made up of the "youngsters," or men between fifty-five and sixty years of age, qualified ten men, while the "B" class brought through five men and the "A" class, of sixty-five years and over, saw one of their number left in the running. The Class "A" representative is T. S. Lippy of Seattle, who last year won the championship.

Seattle's four hopes in the championship are T. F. Van Tuyl, medalist last year; Josiah Collins, the 1924 champion; J. Sobey, and Lippy.

CAPTAINS QUALIFY

Portland qualified two men in A. O. Jones, who played well to-day for his 84; and J. A. Byerly, who will captain the American international team in the match for the Nichol cup.

Vancouver has two men in John Ogilvie, who captains the Canadian international team, and F. R. Stewart, who won the Class "B" championship last year.

Judge Riggs, of Yakima, and L. A. Lewis, the first champion of the association, who hails from New Westminster, also are in.

Victoria's quintette of seniors which rounds out the championship flight is as follows: J. E. Wilson, who captured the medal honors yesterday by shooting a splendid 78; H. P. Bagley, the Class "C" champion of last year; C. M. Birnie, J. W. Ambrey, J. W. Morris and A. Kohl.

Wilson's round was the outstanding feat yesterday. Only on four other occasions during the four championships which have been held has any senior broken the "seven-ties."

Van Tuyl, of Seattle, had a splendid chance to get under 80, but he did everything possible at the short eighth hole and emerged with an eight, which sent his score soaring to 82, the second best of the day. Van Tuyl has played the eighth in three of his four previous appearances, and a three yesterday would have left him with the medal honors, one better than Mr. Wilson.

The championship flight is made up of a fine array of golfers, and speculation is rife as to which man will survive. Jones, of Portland, is the dark horse.

Van Tuyl, Lewis, Lippy and Collins are all men who have excellent chances of coming through.

Prize winners yesterday were T. S. Lippy, of Seattle, for best gross score in "B" class with 82, and J. E. Wilson, for best gross score in "A" class with 84. For best net score in "A" class, D. E. Frederick, of Seattle, and C. P. Todd, of Victoria, tied with 60; in "B" class there was also a tie between Dr. A. E. MacKay, of Portland, and Arthur Kohl, of Victoria, with 67, and in "C" class J. W. Ambrey, of Victoria, won with 84. H. S. Griggs, of Tacoma, won the putting prize with 35.

The ties for the best net scores in "A" and "B" classes will be played off on Wednesday, starting at the seventeenth hole, and one or, if necessary, more holes will be played.

The following qualified:

J. E. Wilson, C. Victoria 78.
S. T. Van Tuyl, B. Seattle 82.
L. A. Lewis, B. New Westminster 83.
Judge Riggs, C. Yakima 84.
A. O. Jones, C. Portland 84.
J. Collins, B. Seattle 84.
H. P. Bagley, C. Victoria 85.
C. M. Birnie, C. Victoria 85.
J. Ogilvie, C. Vancouver 85.
T. S. Lippy, A. Seattle 85.
J. A. Byerly, C. Portland 85.
F. R. Stewart, C. Victoria 85.
J. Sobey, B. Seattle 85.
F. R. Stewart, B. Vancouver 85.
J. W. Morris, C. Victoria 87.
J. E. Wilson, C. Tacoma 87.
Other scores were:

C. P. Todd, Victoria 87.
R. M. Griggs, C. Victoria 88.
W. C. Wheeler, C. Tacoma 88.
C. Allen, C. Vancouver 88.
W. L. Bulger, C. Seattle 88.

Southworth Starring In Drive Being Made By St. Louis Cards

Outfielder Discarded by Giants Wins Regular Place and Hits Two Homers

Now One Game in Rear of Pittsburgh; Athletics Making a Spurt

New York, Aug. 18.—Only one game to-day separates Pittsburgh from the rushing St. Louis Cardinals in the National League and Billy Southworth, discarded by the Giants, is the hero of the occasion.

The little left-handed hitter from Nebraska, regarded as only a utility player in New York, has been made a regular outfielder by Rogers Hornsby and his slashing home runs since joining the club have proved a sensation. Yesterday he pounded out two homers in his team's 8-7 victory over Brooklyn.

Cincinnati remains only half a game behind St. Louis as the result of another brilliantly pitched game by Carl Mays, who turned back the Phillies 5-2.

The Chicago Cubs shut out the Giants 7-0 while the Chicago White Sox beat the Yankees 5-3 in a game limited to five innings by rain. But the Yanks gained ground in the American League because Cleveland dropped two to Philadelphia, 9-4 and 6-4. This places the Athletics only a half-game behind second place.

The Red Sox beat the Browns twice, 5-1 and 4-0.

COAST LEAGUE
Los Angeles, Aug. 18.—The San Francisco Giants opened the regime of Manager Bill Laird auspiciously here yesterday by defeating the league leading Los Angeles 5 to 2. Bert Cole, who started on the mound for the Giants, was put out of the game by umpire Carroll for too vigorously protesting decisions on balls and strikes.

HOLLYWOOD EASY
San Francisco, Aug. 18.—Lefty Williams was in rare pitching form yesterday and had the Hollywood stars eating out of his hand while his Seal teammates hit the ball hard and at opportune times to chalk up a 7-2 victory. The San Francisco twister struck out nine men and gathered two hits, one of which accounted for a run.

Vancouver, Aug. 18.—Jack McMillan ran to his points with an unfinished century on Tuesday evening to win his exhibition match with Sid Boys. Western Canada champion Boys hadn't reached the 30-mark when McMillan had compiled his required 130.

England Wins Deciding Test Match With Ease

(Continued From Page 1)

London, Aug. 18 (Canadian Press Cable).—When England had scored 432 to-day for nine wickets in its second innings of the fifth cricket test match with Australia, rain stopped play.

The start of the test match at the Oval was delayed owing to rain which stopped at 12:25 p.m. It was seen that the wicket was worn in patches. When a commencement could be made, Rhodes and Garry continued the second innings of the English team which was left at 375 for six wickets yesterday. Garry departed after scoring a single. Tate and Rhodes stayed together for half an hour and when the 400 went up there were deafening cheers. At 402 Rhodes was out leg before wicket, to Grimmett's bowling. Larwood added five more runs. Tate, 26, and Strudwick, 6, were together when rain again began to fall and play was suspended.

When the game was resumed the crowd gave Strudwick a warm welcome and applauded him every time it got a chance. The Surrey wicket-keeper only got a couple of runs before being caught.

AUSTRALIANS IN
The innings closed at 3:15 and the Australians started their second innings ten minutes afterwards. A change was made in the batting order, Collins sending in Ponford and Woodfull instead of Bardeley. Woodfull was beautifully caught by Garry off Larwood's bowling.

Australia was left with 415 to get to win the match. This task was formidable one, because the pitch has begun to wear badly in spots after three days' play.

First innings score:
England, 280; Australia, 302.

Disaster waited on the Australians right away because they lost four wickets for only 35 runs.

Pittsburgh Players Work in Interest of Team Heydler Finds
Pittsburgh, Aug. 18.—The attempt of three veteran Pittsburgh National League players to out Fred Clarke, assistant manager, from the bench, was termed "mistaken zeal" to further what they honestly believed to be for the best interests of the club.

J. H. Heydler, president of the league, said here last night after holding extended hearings into the controversy. The league executive added that should the players, Max Carey, Carson, Bigbee and Babe Adams, leave the team, "they will do so with a good name."

Summing up his findings, the league executive, whose only action was to clear the names of the players, said:

"I cannot go back of the right of the officials of a league club to release, suspend or ask waivers on any of its players, nor would I wish to do so if I had the right; but it is my opinion, after a most complete and thorough hearing of this case, that none of the three players—Carey, Bigbee and Adams—has been guilty of willful insubordination or malicious intent to disrupt or injure his club."

RECAPTURE
Ottawa, Aug. 18.—The United States recaptured the Ryder international trophy for 151 cubic inch hydroplanes when Little Star, driven by Frank Waugh, of Peoria, Illinois, beat a fleet of speed boats home in the final heat for the trophy here to-day.

Indianapolis, Aug. 18.—Walter Lauffer, Cincinnati, last night equalled the Olympic record for the 100-meter backstroke in an exhibition trial against ten on the opening night of the national swimming championships here.

HOW TO SWIM
Aileen Cannon

From the breast stroke one gradually moves to the back stroke, which is invaluable for resting. While in deep water, push forward so that one goes over backward. The first position is with hands extended along the side.

Second, the hands are brought together over the body, touching the body all the time, and upward as high as is natural.

Third, the forearms are brought over and outward to the stretch of the arm, and in the water with palms at right angles to the surface.

Fourth, the arms are swept downward to the first position, below the hips, and the movement is started all over again.

Rain No Drawback To Public Choices At Willows Track

Track Has Fairly Fast Surface; Weather Drizzly and Form Pickers Benefit

Col. Snider Pays \$11.25 in Sixth; Moonshine Frank Pays Top Place Price

A little rain and a number of clouds seemed to be much to the liking of the favorites and second choices at the Willows races yesterday. It was seldom that an outsider managed to get in the money, although Col. Snider sprang a little surprise in the sixth by turning the tables on Miss Omond and Randolph and paid \$11.25 for two.

Favorites were easy winners in the second and fifth races, with second choices taking the money on the other occasions.

EARLY LEAD
Taking the lead immediately after the break Dark Age, second choice in the first race, had little opposition from the rest of his field and kept a good two-length margin behind him throughout the entire distance.

Moonshine Frank, a 14 to 1 outsider, after a poor break flashed some fine speed on the back stretch and beat out Southern Gentleman for second place going up to the wire.

The latter with top weight also came from behind early in the race and ran second until the stretch. Springvale, the favorite broke very badly and was never able to catch up with the leaders, finishing in fourth place.

The field was strung out again in the second race when David Mills, the favorite, jumped to the lead right after the break and steadily increased his lead to two lengths at the finish. Lady Small, the choice, had all her own way for second place, trailing the leader by about two lengths for the whole distance, while keeping a safe margin ahead of the rest of the field.

There was never near enough to the winner to be dangerous. Ballynew, urged on to a hard driving finish by her jockey, Winters, beat out Dark J for the show position with only a neck to spare. The latter tried hard to stave off his last run, but early second had proved too much for him.

NECK AND NECK
In a neck and neck struggle all the way Flery Rose was just able to defeat Amazon Maid in the third race. Going in to the lead at the quarter these two horses gave their backers some of the greatest thrills of the day. Flery Rose was always on the outside with Hay trying his hardest to bring Amazon Maid ahead of the field.

The Hoyst stable could not be overhauled and in a whirlwind finish with the riders driving the horse all out shot past the leader and won by a margin.

Mani-fest, with the longest odds of the race against her made a valiant attempt to overtake the leader but although she saved a good deal of ground turning for home, was easily outdistanced.

Another thrilling finish was witnessed in the fourth race when Queen Catherine, after racing at a steady pace, came in from behind and won by a nose. Neale rode the winner and brought her up well, gaining steadily after turning the back stretch.

The remainder of the field was spread wide, Moon Child, the third horse, being five lengths behind Babe Ruth and her nose past being in turn three lengths behind the show pony. Queen Catherine was the second favorite, Moon Child having the greater part of the public's money bet on her perky nose.

TWO FOR FAVORITES
Footers made it two for favorites when he came home a winner by two lengths in the fifth race. Steppover, rated second in the odds also ran true to his rating, coming in a easy second, three lengths ahead of Four O Five, the show horse.

After an early burst of speed Steppover, a 20 to 1 shot, failed to stand up against the tugging push of the mile and seventy yard distance and fell back to fourth. Four O Five closed with a hard rush to gain the show money. Steppover also came from behind toward the end.

UPSET
Under the handling of Jockey Marshall, Col. Snider registered the only upset of the day when he cantered home in the sixth event to win by two lengths and pay a price of \$11.25 on a two-dollar pasteborder.

On the first half he had a hard fight for the lead with Miss Omond, but the latter was unable to stand up under his hard pace and dropped to second place and finally to third before the fast end of the race.

Col. Snider, who stole in by a neck to take the place money. The remainder of the field could never be figured as contenders, being strung out way behind the three leaders.

Rain Upsets Plans
Vancouver, Aug. 18.—Rain has upset the plans of officials who are arranging baseball playoffs on the Lower Mainland and it is announced that the Fraser Mills-Burnaby encounter, scheduled for to-night at New Westminster, will be played to-morrow.

Weather permitting, however, a senior A battle will be staged here this evening between Annah, Terminal League winners, and Young Liberals, senior amateur champions.

It was announced at Saanichton that former Senator A. J. Cummings of Maryland had been named president of the Maryland State Fair Association, which operates the Laurel track.

NEW PROFESSIONAL Hockey League IS LAUNCHED IN EAST

Boston, Aug. 18.—The Canadian-American Hockey League, a new professional organization, was formed here yesterday with three United States clubs and one from Canada as charter members.

Negotiations with representatives of a Montreal club were carried on by telephone and it was announced that that city would probably join the league soon.

It was stated that the new organization would work in harmony with the National Hockey league.

Other Local Shots Doing Very Well; Weather Conditions Good For To-day

Connaught Rifle Range, Ottawa, Aug. 18.—Conditions are ideal this morning for the third day's shooting in the Dominion Rifle Association meet here.

The Macdonald Briar match, ten rounds at 200 and 600 yards, is scheduled for this morning with the Coates, a battalion team competition, following.

In the Whitney Cadet Aggregate, Cadet Sergeant G. E. Matchett, of Hamilton, is leading with five points over Captain J. Hunter of Hamilton. Matchett's score of 216 gives him the D.C.R.A. silver medal and \$10 in cash.

In the Victoria Rifles of Canada, match, team competition, Hamilton teams have managed to clear the first round of competition in the Dominion Rifle Association meet.

The Princess Louise (Argyll and Sutherland Highlanders) team, with 427, while Hamilton Collieries cadets "A" team, which finished two, three and four.

BOXING TOTTERING
Commissioner Brower, however, tossed a bombshell into the situation by an admission that the boxing game in New York is "preliminary."

It is not expected that Dempsey will need to appear here for any phase of the court actions. He will be represented by his lawyers as well as by Rickard and Normie.

The state athletic commission, although its demands have been denied by the license committee, will not be a party to the court actions. This was made clear yesterday by Commissioner George Brower in a statement issued after the commission's preliminary hearing.

It is the opinion of Attorney-General Ottinger's opinion in the preliminary hearing.

Seattle, Aug. 18.—Georges Carpentier, French idol and boxer, declared in a signed statement published here yesterday that he would not fight Gene Tunney.

"I think Jack will win from Tunney and the odds are better," he said. "I have been ready to retire. To me it seems that the years make for little difference. It has been only a few weeks that I have been boxing. He is just as big and strong as ever. He has everything."

When asked about Suzanne Lenglen's decision to retire from professional tennis, he laughed and said: "What could she do? She needed the money. Only a millionaire can afford to play tennis. I want to be a millionaire, but the need of money made me turn professional."

HOROSCOPE

"The Stars Incline, But Do Not Compel"

(Copyright)

WEDNESDAY, AUGUST 18, 1926

Many helpful planetary influences may be expected to-day, according to astrologers who find the aspects most promising.

It is a day in which to seek employment of any sort, and it is safe for those who have positions to act for promotion.

Politicians and promoters are subject to a sign that should bear them to action at this time when the stars are propitious for big ventures, personal or financial.

Jupiter is in an aspect that appears to be favorable to men and big enterprises. Merchants, and manufacturers should benefit in the elaborateness and costliness of women's attire.

Fashions again are to be fortunate for modistes and milliners who will be able to profit by revivals from standardized modes.

For the president increase of independence and fearlessness in announcing and emphasizing his policies are forecast.

Speculation will attract many persons, but there will be sudden market fluctuations.

The wise will conserve their resources, for there will be need of thrift, if it is prognosticated.

Many demands for aid to the poor and the ill may be expected in the coming winter.

Messages bearing disappointing news may be more numerous under this rule than at other times, for reversals and delays are to be expected.

Uranus is in an aspect rather menacing to peace of mind and the tendency to borrow trouble should be sternly rebuked.

It is persons whose all business dealings in the coming year, which may bring involved financial matters.

Children born on this day probably will be extraordinary in their physical and mental attractions. They should be guarded against the chance of being spoiled and vain.

No Progressive For Maple Creek

Davidson, Sask., Aug. 18.—"I have decided to withdraw from the election campaign. I would not stand in a three-cornered fight, and as the Conservative nominee would not withdraw, I did. I consider it best to leave the campaign between J. I. Johnston, Liberal-Progressive, and W. Found, Conservative."

This statement was issued last night by H. W. Ketcheson, Progressive nominee for Long Lake federal constituency.

Shaunavon, Sask., Aug. 10.—Progressives in convention at Shaunavon last night decided not to nominate a candidate for the riding of Maple Creek, Sask., in the federal elections.

A Word or Two About the Cattle Industry

Throughout Canada there is a marked increase in the growth of cattle ranches and also mixed farming. A loss that has proved a serious one for many stockraisers and dairymen the world over has been occasioned through cattle abortions, but this loss has been, and

is being overcome by those who have on hand the "BOW-MAN" abortion remedy.

ELECT NEW OFFICERS

Delegates to A.O.F. Gathering Leave After Successful Session

The election of officers closed the business of delegates to the A.O.F. district gathering here last night.

Dancing in the new hall of the Victoria Lodge, brought to a close an enjoyable programme.

The officers chosen were: District chief ranger, Dr. A. J. Taylor, Cumberland; district sub-chief ranger, G. Matthews, Victoria; district treasurer, Mrs. G. Nunn, Victoria; district secretary, G. W. Andrews, Victoria; district trustee, F. C. Holman, Victoria.

Cobble Hill was chosen as the convention site for 1927, the gathering to be held on the third Monday of August in that year.

SOVIET LAUNCHES

ECONOMY CAMPAIGN

Moscow, Aug. 18.—Strict economy and renewed retrenchment in all government institutions and factories are urged by M. Rykov, Stalin and Kutyshchev, acting for the Communist party, in an appeal broadcast today.

Declaring that the most extreme measures must be taken to strengthen the state's steadily weak-

ORIENTALS INCREASING IN B.C. INDUSTRIES THOUGH PROPORTION IS SMALLER

While Orientals represent a smaller proportion of British Columbia's industrial population to-day than they did a year ago, their total numbers in the industry of this Province is growing rapidly, detailed figures released in the Provincial Labor Department's annual report show.

The reason why the Orientals' proportion to white employees has declined in the last year, it is shown, is that the total number of whites has increased at a more rapid rate than that of the Asiatics. Actually at the end of 1925, the last date for which figures have been compiled, there were 11,460 Orientals in British Columbia industry as against 11,172 at the end of 1924, an increase of 288.

On the other hand, the maximum number of men and women of all races employed in the Province at any time in 1925 was 104,517 as compared with 94,142. The proportion of Orientals as compared with the total industrial population was lower but the Oriental group is mounting.

CHINESE INCREASE

An examination of the figures covering the Orientals in industry offers some interesting sidelights on the whole problem of Oriental penetration. It shows in the first place the Chinese are invading industry here in increasing numbers while Japanese and Hindoos are showing a smaller industrial population.

Last year there were 6,374 male Chinese engaged in industry as compared with 6,371 in the previous year. An increase of over 600 and this despite the fact that Canada has been putting up formidable immigration barriers against China of late years. The female Chinese employed in industry last year numbered twenty as compared with seven in the previous year.

JAPANESE DROP

Japanese showed a marked drop in numbers. Japanese males totaled 2,724 last year as against 3,269 in 1924. Females, on the other hand, almost doubled in number, rising from seventy-seven to 131.

Hindus also are growing smaller in number. As compared with 279 males in industry in 1924 there were only 788 last year. In 1924 one Hindu woman was employed but last year none was recorded. All these figures, it is believed, will be upset this year when the Province starts to enforce its new minimum wage law in the lumber industry. This statute is expected to force large numbers of Orientals out of the industry by robbing them of their single advantage over other employees—their willingness to work for lower wages than white men will accept.

Metichosin

Metichosin, Aug. 17.—A meeting was held on Monday evening of the directors of the Metichosin Farmers' Institute, at the home of the presi-

dent, C. E. Whitney Griffiths, Metichosin. The meeting was called chiefly in connection with the District Fall Fair, and reports of progress were very favorable and encouraging. Considerable interest in the fair is being taken 'by many prominent people, among those promising support are named the Hon. W. C. Nichol, Mrs. J. Dunsmuir and others. S. B. Pollock, of Parsons Bridge Nurseries, has made a donation of \$5 and an anonymous donation of \$1 has been received. Keen interest is being taken throughout the district and it is confidently anticipated by the committee that the Metichosin District Fall Fair will figure largely as one of the best on Vancouver Island this year. Owing to the large area it covers it will be more than a local fair, as it will represent the product of practically the whole of the southwestern portion of the Island. The Luxton Hall

Locally, Clarence Eddy will be remembered for the recital he gave in St. John's church here on the occasion of the dedication of the fine district manual instrument in that building.
